

David Pippin

David Pippin

Bio:

Based out of Carrollton, Georgia, David Pippin not only commands the stage with his virtuoso guitar skills, but shares his talents for sound production and teaching with the community. As a two-time Atlanta Blues Challenge winner for solo/duo acts, and an Atlanta Institute of Music graduate, David networked and fine-tuned his skills as a musician. David uses these skills to foster a love for local music and currently helps other musicians in the community share their own talent as President of Little Big Jam LLC, the largest music festival in the West Georgia area.

David's experience touring the southeast has allowed him the opportunity to perform for many types of crowds. He brings this knowledge to every performance and corporate event. David has the ability to go from classical dinner music, to energetic party music with ease.

David's ability to perform is easily matched by his professionalism at every event he is a part of. He has a full iPad operated PA system as well as a high quality LED Light system. Also by request, he has the ability to play a client's preferred playlist through any device.

Along with performances and sound engineering, David loves to teach music in the local community. Working privately and at Ballew's Music, David has taught guitar/music lessons for over 12 years.
